

DEDICATION

This volume is dedicated to Mrs. Peggy Miles, who for the past eleven years has been the Business Manager of the *Duke Law Journal*. During her association with the *Journal* she has shown a willingness to assume a wide range of duties and has made a major contribution to the success of our publication. She has performed all of these duties efficiently, but more importantly, she always has responded cheerfully to the often trying and confusing requests of the student members of the *Journal*. We and the past members of the *Journal* express our deep appreciation for the help that our Business Manager and friend has given us.
